Professional Summary

Self-driven MERN Stack Developer with hands-on experience in building responsive web applications using React, Node.js, Express, and MongoDB. Developed projects like task managers, weather apps, and to-do applications, strengthening my full-stack skills and API integration knowledge. Currently pursuing a BS degree and passionate about learning and contributing to real-world development projects.

Education

- Bachelor of Computer Science
IMSCIENCES
2025-2029
- FSc in computer science
Hadaf Group of College
2023 - 2025

Internship Experience

- **MERN Stack Intern – Enchova Solution LTD**
Dec 2025 - April 2026
 - Worked with React, Node.js, Express, and MongoDB to build web applications
 - Used libraries like Redux Toolkit and Axios for state management and API handling
 - Integrated REST APIs and handled backend data efficiently
 - Used tools such as Git, GitHub, and Postman for version control and API testing
 - Improved debugging, performance optimization, and teamwork skill

Skills
